OLC 74-1775/a

19 AUG 1974

Mr. Walter W. Haase
Deputy Associate Director
Information Systems
Office of Management and Budget
Washington, D.C. 20503

Dear Mr. Haase:

This is in reply to your memorandum dated August 8, 1974, subject, "Impact of Privacy Legislation," requesting the numbers of information systems and records involved and the estimated dollar cost of implementing the various provisions of the draft alternate language to H. R. 12206, dated 17 May, prepared by OMB.

You noted that this information was previously requested in a memorandum from Mr. Skidmore dated May 20, 1974. In my reply to Mr. Skidmore, dated June 12, 1974, I mentioned that since the Central Intelligence Agency was being given a full exemption from the provisions of the alternate draft bill, we would not supply the additional information requested. This was previously agreed to in a conversation between Mr. Reeder of your staff and [REDACTED] of my office.

25X1A

Enclosed is the information in the format requested. I trust that this is satisfactory for your purposes. It should be noted that the total of the two million individual personnel, security, medical, and other administrative files represents several files for each person.

Sincerely,

SIGNED

George L. Cary
Legislative Counsel
